

# Aboriginal Employment Workshop

## Have you considered a career in WA Health?

Aboriginal Workforce and Jobs and Skills WA will be running workshops for Aboriginal job seekers to build attractive resumes, covering letters and selection criteria in line with the WA Health standards.

By providing a background into the functions of the WA Health System and how to navigate the recruitment process the workshop aims to improve attendees' skills and confidence when applying for jobs.

Did you know that WA Health employs more than 44,000 people? With a range of career opportunities we encourage people from all working backgrounds to come along.
