by the 22nd November**

**Include details of your
current role, location and
email address.**

Thank you

Confirmation of your registration
will be sent via email

08:30—12:30

**Session 1:
Aboriginal Person Centred Care**

The Aboriginal Health Strategy teams and TRACS WA are proud to provide this training.

The aims are:

- To increase cultural knowledge and understanding
- To understand challenges faced by Aboriginal patients
- To practice techniques to engage with and relate to Aboriginal patients
- To engage participants through story telling
- To provide an opportunity to have an open dialogue

13:30—15:30

**Session 2:
Debrief Yarning Session on the Aboriginal
Person Centred Care module**

All participants who have attended the Aboriginal Person Centred Care module are invited to an open discussion and debrief on their experiences, thoughts and feelings on this module.

TRACS WA may film/record/photograph this event for educational and promotional purposes. Unless you advise TRACS WA otherwise, we will assume you consent to your image and voice being used in this way.
