NSW Diabetes Forum – 2018

Friday 15th June 2018, 9:00am-4:00pm

Novotel Sydney Parramatta, 350 Church St, Parramatta NSW 2150

Aim:

The aim of the NSW Diabetes Forum is to provide an opportunity to share knowledge, experiences, and innovation in diabetes management across NSW; and contribute to local improvement projects.

Objectives:

- Share achievements in diabetes management across the continuum of care – community-based, inpatient, and high risk foot care.
- Empower local teams to overcome challenges in improving care for people living with diabetes.
- Provide an opportunity for professional networking and build a culture of sharing, support and leadership in diabetes care in NSW.

Who should attend:

This event is aimed at doctors, nurses, allied health professionals and managers that work in primary care and NSW health services who have a role in caring for people with diabetes; and consumers contributing to ACI networks.

In particular, you may be interested in this event if you are supporting diabetes-related Leading Better Value Care initiatives.

About ACI:

The Agency for Clinical Innovation (ACI) works with clinicians, consumers and managers to design and promote better healthcare for NSW.

Our Clinical Networks, Taskforces and Institutes provide a unique forum for people to collaborate across the NSW Health system. By bringing together leaders from primary, community and acute care settings we promote an integrated health system.

Cost:

Free

Marina.Davis@health.nsw.gov.au

The ACI Diabetes and Endocrine Network is calling for oral abstracts showcasing innovative practice improvements across the following four areas:

- Inpatient management of diabetes mellitus
- Prevention and management of diabetes related foot complications
- Diabetes management in primary and community based care settings
- Diabetes in pregnancy – addressing this common high-risk pregnancy situation

We are interested in approaches that

- Enhance the capability and capacity of the workforce
- Improve access to care
- Address the needs of priority sub-population groups
- Empower consumers and their families and promote self- management
- Enhance best practice and contribute to the evidence-base

Please submit abstracts using the template provided to Marina Davis via email: Marina.Davis@health.nsw.gov.au no later than Friday 18th May 2018.

Successful applicants will be notified via email by Friday 25th May 2018.
