

# Earlier Intervention and Family Support Services

## Information Sessions

The Department of Communities launched the Building Safe and Strong Families: Earlier Intervention and Family Support Strategy in September 2016 aiming to redesign Western Australia's service system to deliver earlier intervention and family support services more effectively.

Information about the Strategy, including the suite of programs currently available, are available at [Earlier Intervention and Family Support \(www.wa.gov.au\)](http://www.wa.gov.au)

Communities will be undertaking a broad commissioning process for all existing and newly expanded Earlier Intervention and Family Support (EIFS) services with an anticipated service commencement date of 1 July 2024.

Communities is inviting interested providers to attend an information session.

## Session schedule
