

# Curing Hepatitis C in Primary Care

Join us for this free, interactive workshop to support your role in curing hepatitis C.

Thursday, 5th of September 2019

Karratha International Hotel - Corner of Hillview and Millstream Roads, Karratha

6:30pm—9:00pm

This course is FREE. Dinner will be provided. **This session will also be offered as a webinar. Please register below**

**This update will focus on case finding, testing, patient assessment and treatment of hepatitis C infection in primary care settings.**

## Learning Objectives:

- Identify priority populations for hepatitis C testing
- Interpret test results and diagnose hepatitis C appropriately
- Assess for liver fibrosis and other comorbidities
- Communicate information confidently to actively engage individuals in decisions about their treatment and care
- Initiate treatment, monitor and follow-up according to the recommended guidelines

*Collaborating Partner:*

## This Presentation will be delivered by:

Dr Heather Lyttle

*Public Health Physician*
