

PEPA

Program of
Experience in the
Palliative Approach

Funded by the Australian Government Department of Health

Palliative Care Workshop

For all health professionals

Come and join us for an interactive session, utilising group discussion and case studies to provide participants with a greater understanding of palliative care and how it can be implemented within the facilities they work.

Topics covered:

- palliative approach
- communication skills with clients and families
- advance care planning
- symptom recognition and understanding
- end of life care
