WHY STUDY WITH US?

At Central Regional TAFE our aim is to ensure you achieve the future you want by supporting you every step of the way.

Our industry experienced staff are dedicated to your success and will help you find the qualification and pathway that suits your needs and lifestyle. We will provide every opportunity for you to achieve your goals. Our staff work closely with industry partners and the community to ensure our training is current so our graduates are highly skilled and job-ready. See where TAFE can take you!

Over 300 courses to choose from!

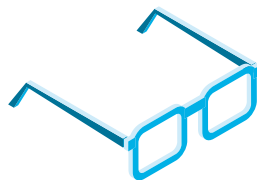

Nationally recognised qualifications from Certificate I through to Advanced Diploma

Large variety of short courses

Flexible & practical training options

Industry experienced trainers dedicated to your success

Variety of payment options including payment plans

JOBS & SKILLS CENTRES

Located at our Kalgoorlie, Northam and Geraldton campuses, Jobs and Skills Centres are one-stop shops for careers, training and employment advice and assistance. Services are free, and accessible to all members of the community.

Each centre is staffed by people who can provide free professional and practical advice on training and employment opportunities including careers advice, apprenticeship and training information. They can also provide support services for employers and businesses, as well as specialist services for Aboriginal people, ex-offenders and people from a culturally or linguistically diverse background.

The centres also provide an online jobs board, to connect jobseekers with employment opportunities and to help employers attract and recruit employees. For more information visit: jobsandskills.wa.gov.au

CHOOSE A QUALIFICATION

Whether you are looking for employment, seeking a career change, leaving school or chasing a promotion, Central Regional TAFE can open the door to your future with quality, flexible training, so you are job ready.

DIPLOMA & ADVANCED DIPLOMA

These higher level qualifications will give you more specialised skills and knowledge of greater complexity where you are able to appraise, synthesise, manage and evaluate workplace situations. Graduates at this level will have the ability to undertake highly skilled work. Both qualifications can be a pathway to University and can give you credit towards a Bachelor Degree. Duration of qualifications will vary for each course.

CERTIFICATE IV

At this level you will learn supervisory and advanced technical skills which may build on skills already acquired in the workplace or obtained in a Certificate III. A Certificate IV can lead directly to higher level qualifications or be a pathway to University.

CERTIFICATE III

At this level you will gain broad theoretical and practical knowledge in your chosen industry, preparing you to take on added responsibility. Certificate III courses can often be completed as part of an apprenticeship or traineeship.

CERTIFICATE I & II

These entry level qualifications will help you develop basic skills and knowledge and prepare you for both employment and further education and training.

VOCATIONAL EDUCATION AND TRAINING DELIVERED TO SECONDARY STUDENTS (VETDSS)

These entry level qualifications will help you develop basic skills and knowledge and prepare you for both employment and further education and training.

SCHOOL BASED TRAINEESHIP OR APPRENTICESHIP

A school based traineeship / apprenticeship provides an opportunity for full-time secondary school students to begin preparing themselves for a career in the workforce. Students can work towards secondary graduation and an industry recognised qualification.

APPRENTICESHIPS & TRAINEESHIPS

Apprenticeships and Traineeships combine study with workplace training. You must be employed as an apprentice or a trainee before enrolling in an apprenticeship or traineeship program.

SKILL SETS

Are courses which provide certification (nationally accredited) for a specific workplace skill and usually contain one or more units of competency. When you complete a skill set course, you receive a statement of attainment. In some cases this may give you credit towards completing a higher qualification with further study.

SHORT COURSES

Are courses which help you start higher education and prepare to work with confidence. These courses can help to advance existing skills or learn something completely new. They can be accredited or non-accredited and take minimal hours to complete.

WHAT STUDY OPTION SUITS YOU?

FULL & PART-TIME

Consisting of face-to-face delivery. Classes are scheduled during the day as well as evenings. We understand you may have personal commitments; therefore some of our courses are offered part-time, giving you the option to study full or part-time.

FLEXIBLE DELIVERY & ONLINE LEARNING

CRTAFE online training options are flexible and self-paced using some of the most innovative online tools available for many courses. Flexible and online learning enables students to study at their own pace with access to a lecturer; beneficial for those wanting to combine work and study. These study options may include some class time for tutorials or practical components.

OPEN LEARNING

Open Learning study offers you the best of both worlds! It is a mixture of off-campus study as well as class times available. Courses provide the opportunity to gain a qualification with minimal class time. Intensive courses combines class time and flexible learning. Students generally attend class for a week block and are required to complete course work in their own time and submit assignments/projects.

“I enjoyed the practical work the most and completing a task, a finished outcome was rewarding. Finishing my studies and getting my qualification as a tradesperson has provided me with long term employment opportunities.”

Alex Benning | Carpentry & Joinery Apprentice

APPRENTICESHIP & TRAINEESHIP

An apprenticeship is a full time employment based training program usually lasting 3-4 years. It combines on-the-job learning and scheduled training with a registered training provider such as Central Regional TAFE.

A Traineeship is a full time employment based training program usually lasting 12 months or more.

RECOGNITION OF PRIOR LEARNING (RPL)

Recognition of Prior Learning (RPL) is a form of assessment that acknowledges your formal and informal learning gained through:

- Previous training and education
- Past and current work experience
- Life experience

The RPL process will involve validation of your existing skills and knowledge. Through this process you will be able to obtain credits in a course and, in some cases, a full qualification.

The assessment can take place by using a range of evidence such as existing academic records, proof of training course/workshop attendance, written support by previous employers and by viewing procedures and processes undertaken in your workplace.

RPL is available to students by contacting the relevant training area for further information. Your assessor will explain what you will need to provide in order to evidence your skills and knowledge. Additional training is provided if you are unable to complete a full qualification through RPL.

“TAFE has been great! I’ve had really good lecturers who make sure we learn from the get go. I would strongly encourage anyone to apply for a local apprenticeship. I really enjoy the program and especially to be paid while I’m learning everyday.”

*Christopher Burrows | 2018 Goldfields
Apprentice of the Year*

GAIN AN ADVANTAGE

PRE-APPRENTICESHIPS

A Pre-apprenticeship enables you to experience what it’s like to work in a trade before you make a commitment to continuing in that employment field or gaining an apprenticeship. If you go on to an apprenticeship, the off-the-job training component of your apprenticeship training may be reduced. Completion of a pre-apprenticeship entitles you to a Certificate II qualification. Pre-apprenticeships are full time training courses and although you do not get paid during the course, work placement opportunities do form part of your training. Generally there are no entry requirements or experience needed to enrol in a pre-apprenticeship course.

Pre-Apprenticeship Benefits:

- Gain an insight and understanding of your chosen trade career
- Basic trade skills
- An increased chance of employment as an apprentice (most employers are more inclined to take on new apprentices who already have industry knowledge and experience)
- Complete trade qualification faster (completion of a Pre-apprenticeship may make you eligible to have your apprenticeship length reduced)

EARN WHILE YOU LEARN

APPRENTICESHIPS & TRAINEESHIPS

Apprenticeships and Traineeships combine training with work, so that you can earn while you learn. CRTAFE provides the formal training needed to gain the qualification in your chosen employment field. You would be required to enter into a formal training contract with an employer to learn practical skills on the job in conjunction with time spent training at TAFE. We work closely with industry, community and government to develop programs that meet workplace needs. The best thing about apprenticeships and traineeships is that you get practical, on-the-job experience whilst working towards a nationally recognised qualification

Apprenticeship & Traineeship Benefits:

- Get paid while you learn
- Obtain a nationally recognised qualification
- When qualified you can look forward to
 - Higher pay
 - Job opportunities
 - Skills and qualifications for further education and training

“Sarah completed her Certificate IV in Preparation for Nursing and has been accepted into a Bachelor of Nursing at the University of Southern Queensland Australia. Just goes to show how important TAFE pathways are as an alternative entry into University.”

-Geraldton Universities Centre

Sarah Smyth | 2018 Midwest & Gascoyne VETDSS Student of the Year

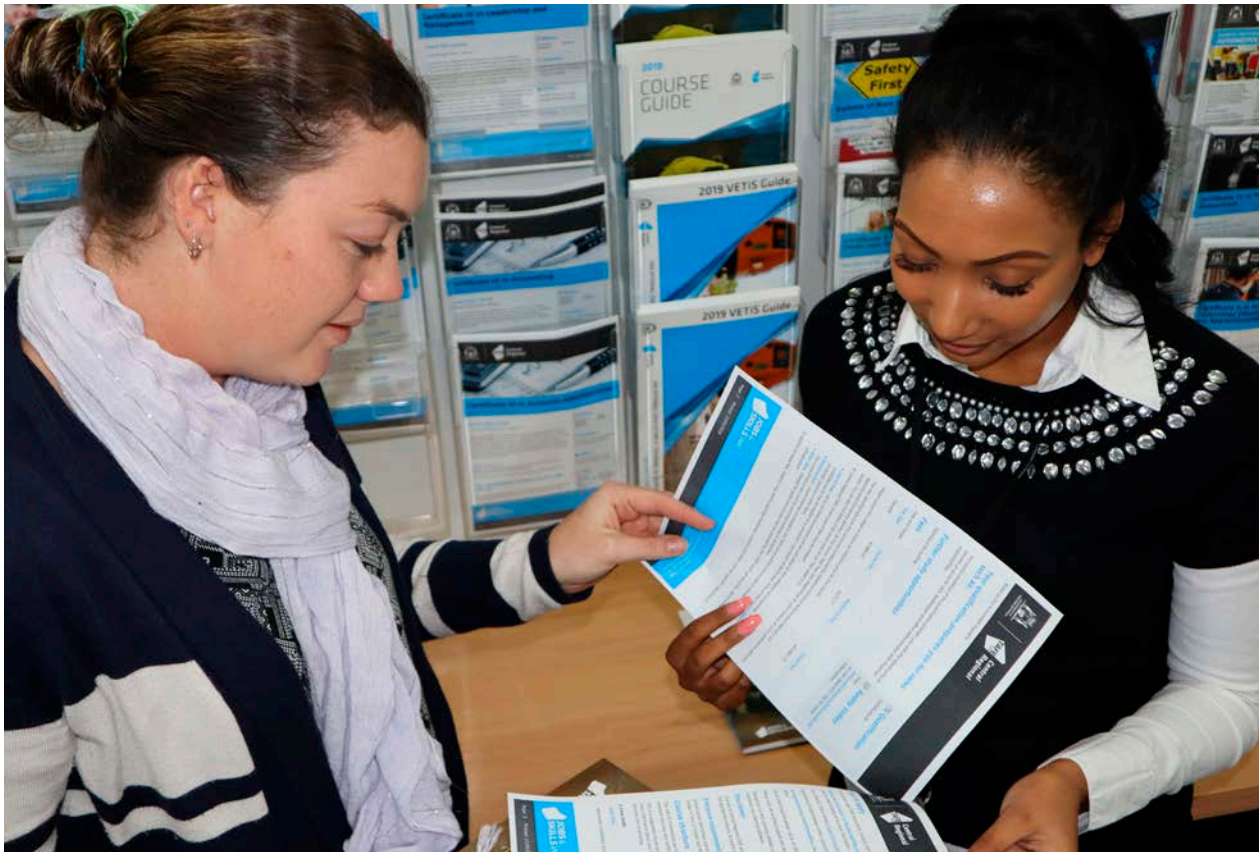

UNIVERSITY PATHWAYS

Are you interested in further study including University? A Diploma qualification from Central Regional TAFE enables you to enrol in a University Degree regardless of your age or high school results. We have articulation arrangements in place with leading Universities in Australia, including Curtin University and Geraldton Universities Centre, enabling students who have achieved their Diploma qualification to gain guaranteed credits into a related Bachelor’s Degree at select Universities. Having a Central Regional TAFE Diploma and a University Degree will equip you with the best of both worlds for future employment opportunities.

Why consider a University pathway?

- It will allow you to gain credit for study you have already completed
- You can reduce the length of your study time
- You can potentially save thousands in University tuition fees

For the most up-to-date information on what courses can lead to a University Degree, check out www.centralregionaltafe.wa.edu.au or contact the admissions team at your preferred University

THE NEXT STEP

You've decided to take the next step and open the door to a world of new opportunities by enrolling with us at Central Regional TAFE. The following information will help you get started:

ENTRANCE REQUIREMENTS

Each course offered at CRTAFE has its own minimum entry requirements. These will either be a lower level qualification or demonstrated numeracy and literacy skill levels. More information can be found on our website at www.centralregionaltafe.wa.edu.au

Although many CRTAFE courses do have minimum entry requirements, there are many ways to gain entry into your chosen course; our Client Services team can help you further with your options.

Language, Literacy & Numeracy Support

Adequate language, literacy and numeracy skills are required when studying. A range of options are available to anyone who feels they may need additional support in these areas

Unique Student Identifier

The Australian Government requires all students who are enrolling or re-enrolling in nationally recognised training to register for a Unique Student Identifier (USI). The USI reference number is made up of numbers and letters that will allow your USI account to be linked with the National Vocational Education and Training (VET) Data Collection enabling you to see all of your training results (from 2015) from providers including all completed training units and qualifications. The USI is available online and at no cost to you.

HOW TO ENROL

Contact our Client Services team on 1800 672 700, who will discuss full course details and requirements with you. For more comprehensive information an appointment can be made with the lecturer. In most cases you will be able to enrol directly, provided you meet the minimum entrance requirements.

MAKING TRAINING AFFORDABLE - FEES & PAYMENT OPTIONS

Don't let finances worry you. We offer a variety of payment solutions and can find the best option for you. This ensures students can enjoy their training experience at TAFE. There is no reason to put your future on hold so get started today!

Course Fees

Fees vary for each course and are based on the number of hours within each unit of that course. Resources and materials are not included in tuition fees and will incur an additional cost. If you have an eligible and valid concession card, the course fees are charged at a reduced rate. No fees apply for Vocational Education and Training Delivered to Secondary Students (VETDSS).

Course Fee Repayment Options

Central Regional TAFE endeavours to make training accessible by offering various payment options to assist students in meeting their repayment obligations including instalment plans.

These include:

- Payment Plans (including direct debit)
- Centrepay
- VET Student Loans
- Concessions
- Direct Debit

For more information about CR TAFE's payment options please visit centralregionaltafe.wa.edu.au

TAFE really suits me because it's very hands-on. I really enjoy my course and it's really satisfying to work on a project and use the skills we are taught."

Chae Crowe | METSO Indigenous Scholarship Program

"I want to keep learning to set me up for the future, an apprenticeship is my ultimate goal."

Marley Crowe | METSO Indigenous Scholarship Program

Vocational Education & Training (VET) Student Loans

VET Student Loans is a loan scheme that helps eligible VET students pay their course fees for eligible VET qualifications at the following levels:

- Diploma
- Advanced Diploma

More information can be found on the Australian Government website:

education.gov.au/vet-student-loans or the VET Student Loans page on our website.

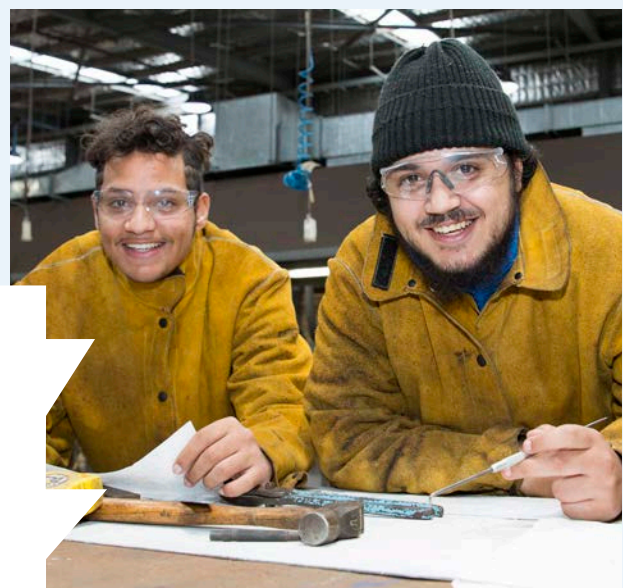

Scholarship Opportunities

We have a range of scholarships across the Goldfields, Mid-West, Gascoyne and Wheatbelt regions, covering a variety of qualifications and industry areas. Our expanding scholarship program offers students the opportunity to have some or all of their training subsidised.

Give us a call or visit our website to find out how our scholarship program can help you.

HOW TO ENROL?

Enrolling is as easy as a couple of steps. Simply visit the Apply and Enrol page on our website or alternatively contact our Client Services team on 1800 672 700.

MARITIME AND LOGISTICS

MARITIME

Our Batavia Coast Maritime Institute (BCMI) campus is a state of the art training, research and development facility located on the oceanfront of the picturesque Separation Point in Geraldton. BCMI provides world-class training specialising in the areas of aquaculture, marine and environmental science research, marine operations and marine engineering.

It provides a realistic and hands-on training experience for those interested in having a career in a range of maritime-related fields including; commercial fishing, marine, tourism, aquaculture, deck cadet and ship's captain.

AQUACULTURE

National ID	Qualification	Career Opportunities	Location
SFI20111	Certificate II in Aquaculture	Farm Hand, General Hand, Shop Hand, Feeder, Pond Worker, Farm Labourer, Hatchery or Nursery Assistant	MID
SFI30111	Certificate III in Aquaculture	Autonomous Farm Attendant, Junior Technician, Leading Hand, Senior Shop Hand, Shift or Team Leader, Supervisor, Work Foreman	MID
SFI50111	Diploma in Aquaculture #	Owner/Manager, Farm Manager, Hatchery Manager, Production Manager, Quality Manager, Compliance Manager, Marketing Manager, New Technology/Automation Specialist	MID

FISHING OPERATIONS

National ID	Qualification	Career Opportunities	Location
SFI20211	Certificate II in Fishing Operations	Fisher, General Deckhand	MID
SFI30211	Certificate III in Fishing Operations	Senior Deckhand, Coxswain	MID

MARITIME STUDIES

MAR10418	Certificate I in Maritime Operations (Coxswain Grade 2 Near Coastal)	Various Opportunities	MID
MAR20318	Certificate II in Maritime Operations (Coxswain Grade 1 Near Coastal)	Coxswain Grade 1	MID
MAR30818	Certificate III in Maritime Operations (Marine Engine Driver Grade 2 Near Coastal)	Chief Engineer (Marine Engine Driver Grade 2 Near Coastal)	MID GAS
MAR30918	Certificate III in Maritime Operations (Master Up To 24 Metres Near Coastal)	Master (of vessels up to 24 metres)	MID GAS
MAR40618	Certificate IV in Maritime Operations (Master Up To 35 Metres Near Coastal)	Ship's Mate or Master	MID
MAR40518	Certificate IV in Maritime Operations (Marine Engine Driver Grade 1 Near Coastal)	Marine Engine Driver Grade 1	MID

LOGISTICS

If you thrive in a fast paced environment, are organised and have a high attention to detail then a career in warehousing and logistics may interest you!

We offer recognition of prior learning (RPL) where your existing knowledge and skills in warehousing and logistics operations are assessed as a way to gain a formal qualification or credit towards a qualification.

LOGISTICS AND WAREHOUSING

National ID	Qualification	Career Opportunities	Location
TLI31216	Certificate III in Driving Operations	Agitator Driver, Bus Driver, Dangerous Goods Driver, Heavy Freight Driver, Refrigerated Vehicle Driver, Tip Truck Driver	WBT

AGRICULTURE, ANIMALS, SCIENCE AND ENVIRONMENT

AGRICULTURE

If you're looking for a career in Agriculture we have you covered! Our industry relevant training will give you the practical skills and knowledge to become a competent farmer or leading hand, overseeing and managing a farm or pastoral system. Our highly qualified, experienced and award-winning lecturers provide on-farm training and assessment as well as formal recognition of your work skills. Your training will be hands-on in the field, taking part in projects and forming relationships with industry partners.

AGRICULTURE

National ID	Qualification	Career Opportunities	Location
AHC41016	Certificate IV in Agribusiness	Agribusiness Administrator	WBT
AHC20116	Certificate II in Agriculture	Assistant Animal Attendant/ Stockperson, Assistant Farm or Station hand	WBT
AHC30116	Certificate III in Agriculture	Farm or Station hand, Farm or Station Worker, Livestock Transport Driver	MID GAS WBT
AHC40116	Certificate IV in Agriculture	Farm Team Leader	WBT
AHC50116	Diploma in Agriculture*	Farm Production Manager, Production Unit Manager, Agronomist, Station/Property Manager.	WBT
AHC30416	Certificate III in Pork Production	Piggery Attendant, Stockperson	WBT
AHC21216	Certificate II in Rural Operations	Various Opportunities	GLD MID GAS WBT
AHC32716	Certificate III in Rural Merchandising (RPL)	Rural Merchandiser, Rural Sales Assistant	MID

ANIMAL STUDIES

Do you have a passion for animals? Would you like to work with our furry and feathered friends? Our training will enable you to work with a range of animals in a variety of animal care workplaces. You will learn to provide care functions, including basic animal nutrition, animal health care, retail service procedures, work health and safety, animal ethics and handling and transporting animals.

ANIMAL STUDIES

National ID	Qualification	Career Opportunities	Location
ACM20117	Certificate II in Animal Studies	Animal Care Attendant, Animal Shelter Attendant, Kennel Hand, Cattery Attendant, Pet Shop Attendant, Assistant Dog Groomer	GLD MID GAS
ACM30117	Certificate III in Animal Studies	Animal Care Receptionist and Support Officer, Animal Control and Regulation Assistant, Animal Health Officer on Indigenous Communities, Animal Shelter Assistant, Assistant Animal Welfare Officer	MID
ACMSS00007	Skill Set Microchip Implantation for Dogs and Cats		WBT

CONSERVATION AND LAND MANAGEMENT

Are you passionate about the environment and preserving it? A career in conservation offers great job satisfaction and a rewarding career for those who appreciate nature and love being outdoors.

Areas of focus include resource management, land management, mine site rehabilitation, with areas of specialisation in Aboriginal land management, weed management, vertebrate pest management, parks and wildlife management, conservation earthworks and natural area restoration.

CONSERVATION AND LAND MANAGEMENT

National ID	Qualification	Career Opportunities	Location
AHC10116	Certificate I Conservation and Land Management	Various Opportunities	GLD
AHC21016	Certificate II in Conservation and Land Management	Conservation Worker - Land Management, Conservation Worker - Parks & Wildlife, Earthworks Conservation Worker	GLD MID GAS WBT
AHC31416	Certificate III in Conservation and Land Management	Earthworks Conservation Technician, Land Rehabilitation Worker, National Parks Ranger, National Parks Worker - Revegetation Worker	GLD MID
AHC40916	Certificate IV in Conservation and Land Management	Senior Conservation Worker	MID
AHC51116	Diploma of Conservation and Land Management *	Community Project Coordinator (Land Care), Senior Park Ranger	MID

ENVIRONMENTAL SCIENCE

You will learn how to assess the impact of human activity on the global environment and develop scientific, risk-based, solutions to help secure sustainable, natural and managed systems. You will build an underlying knowledge of plant and animal identification, environmental chemistry and geology.

Our training is practical and hands-on providing opportunities to work alongside our industry partners and community based organisations in the field of conservation, and ensure sustainable landscapes.

ENVIRONMENTAL SCIENCE

National ID	Qualification	Career Opportunities	Location
MSS40216	Certificate IV in Environmental Monitoring and Technology	Environmental Technical Officer	MID
MSS50216	Diploma of Environmental Monitoring and Technology #	Environmental Technician	MID

HORTICULTURE

Whether you're starting your career in horticulture, already have experience and would like formal recognition of your skills or perhaps looking to take on a management position in the industry, we have the training you need. Gain the practical skills and knowledge to undertake a broad range of tasks in gardening, nursery work and landscaping, plus parks and gardens and turf management. Develop skills in the fields of natural resource management, land management, mine site rehabilitation, developing and leading teams to implement conservation and land management strategies and more.

HORTICULTURE AND CONSERVATION

National ID	Qualification	Career Opportunities	Location
AHC20416	Certificate II in Horticulture	Horticulture Assistant	GLD MID WBT
AHC30716	Certificate III in Horticulture	Beekeeper, Floriculture Tradesperson, Horticulturalist	GLD MID

AHC30916	Certificate III in Landscape Construction	Landscape Gardener	GLD MID GAS
AHC31016	Certificate III in Parks and Gardens	Parks and Gardens Tradesperson	GLD
AHC31316	Certificate III in Sports Turf Management	Greenkeeper	GLD

LABORATORY OPERATIONS

Laboratory specialists are in high demand around the world. Studying laboratory operations can lead to work in a range of dynamic industries including biomedical, pharmaceuticals, mining, agriculture, petroleum, pathology, environmental, forensics, food, chemical or cosmetic. Whether you choose to focus on biotechnology or medical science, there is an exciting career ahead for graduates.

LABORATORY OPERATIONS

National ID	Qualification	Career Opportunities	Location
MSL20118	Certificate II in Sampling And Measurement	Air Quality Sampler , Milk Tank Driver and Sampler. Quarry Aggregates Sampler	MID
MSL30118	Certificate III in Laboratory Skills	Dairy Food Laboratory Assistant, Food Laboratory Assistant, Pathology, Laboratory Assistant, School Laboratory Assistant, Technical Assistant (Construction Materials), Water Testing Laboratory Assistant	MID
MSL40118	Certificate IV in Laboratory Techniques	Pathology Laboratory, Technical Assistant, Technical Assistant (Construction Material Testing), Technical Assistant (Environmental Testing), Technical Assistant (Manufacturing Testing, Technical Assistant (Mineral Assay)	MID
MSL50118	Diploma of Laboratory Technology*	Calibration Officer, Food Laboratory Technical Officer, Pathology Laboratory, Technical Officer	MID

VETERINARY NURSING

Veterinary nursing is a rewarding and challenging career. Veterinary nurses are a valuable and essential part of the veterinary healthcare team. They provide expert nursing care for sick or injured animals. Veterinary nurses also play a large role in educating pet owners in how to care for their pets.

Skills to become a Veterinary Nurse include good communication, empathy, adaptability, and a commitment to increasing your knowledge. Our practical training ensures students graduate ready to enter and actively contribute to their workplace. You will learn the specialised skills needed to care for sick or injured animals and to assist with examination, diagnosis, treatment and surgery.

VETERINARY NURSING

National ID	Qualification	Career Opportunities	Location
ACM40412	Certificate IV in Veterinary Nursing	Equine Dental Service Provider Veterinary Nurse Veterinary Nurse (Equine)	MID WBT

AUTOMOTIVE

A career in the Automotive industry offers diverse job opportunities and stable employment. The industry employs over 300,000 people across Australia, with advancements in technology leading to a growing number of career opportunities. It is a great industry for collaboration and continual learning, with a high demand for skilled tradespeople.

Our specialised training rooms and modern equipment allows us to teach practical skills that are industry relevant.

“Training at TAFE and the VET pathway has been better than what I could have ever imagined. Getting to know the trade and people who work in the industry is great. You get good experience and insight into what it’s really like to be a mechanic.”

Ben Rowe | 2017 WA School-Based Apprentice of the Year

BUILDING AND CONSTRUCTION

BUILDING AND CONSTRUCTION

Construction is one of the biggest industries in the Mid-West, Gascoyne, Goldfields and Wheatbelt regions of Western Australia and employs approximately 10 percent of the State's workforce. Billions of dollars are invested in infrastructure and housing every year, resulting in a stable and diverse industry full of exciting employment opportunities.

In this industry you may carry out work in a variety of settings including high rise construction sites, residential or commercial buildings, and work on civil engineering projects. If you want to put your practical skills to good use, this could be an ideal career for you.

You'll need an eye for detail, good hand-eye coordination, ability to work at heights, maths skills for working out measurements and the ability to follow technical plans. Our program ensures you receive industry relevant skills and knowledge including training on full scale projects.

ELECTRICAL AND ELECTROTECHNOLOGY

Electrotechnology is a hi-tech industry that covers all aspects of electrical generation, distribution of electricity, electrical apparatus, electronic technologies, instrumentation and communication technologies.

Electricians install, maintain, repair, test and commission electrical and electronic equipment and systems for industrial, commercial and domestic purposes. They may also work on electrical transmission and distribution equipment.

It has a strong future and due to reliance on modern technology, demand for people to work in this industry has never been greater.

MANAGEMENT

Running or managing a business successfully requires skill. Good teams need good leadership. Our Management training will give you the skills to be a good manager including how to build and foster good workplace relationships, develop and implement innovation and change, put organisational plans into practice, monitor a safe workplace, recruit staff, manage staff performance, conduct inductions, manage meetings, manage administrative systems, and manage your personal work priorities and professional development.

Central Regional TAFE now offers a dual qualification in Business and Management which allows you to combine two Diplomas into one comprehensive course.

EDUCATION AND COMMUNITY SERVICES

The flexibility at TAFE was great because I was able to complete my studies at my own pace whilst still working. Lecturers were always very helpful. My training has lead me to owning my own family day care business."

Tracey Hunter | 2017 & 2018 Northam & Wheatbelt Excellence in Family Day Care Award Winner

EARLY CHILDHOOD EDUCATION AND CARE

If you're looking to work in the exciting and rewarding children's services industry then our nationally accredited training program is for you.

It will not only give you industry exposure and a strong theoretical and practical foundation, it will ensure you achieve the high levels of professionalism needed to excel in the childcare industry. You will develop an in-depth understanding of children and how to engage and enhance their development in a stimulating learning environment.

You will learn how to provide programs for children that are developed on their own strengths, needs and interests, how to use materials and environments to support children's learning whilst ensuring their wellbeing, health and safety and the skills and knowledge to manage the operation of a child care centre.

ENGINEERING & MINING

ENGINEERING

Engineering is the branch of science and technology connected with the design, building and use of engines, machines and structures. It covers diverse career paths including fitters, machinists, boilermakers, sheet metal workers, and refrigeration and air-conditioning mechanics.

Start your career as a Fitter Machinist, Plant Mechanic or Boilermaker (Metal Fabrication), by enrolling in a Certificate II Pre- Apprenticeship course. It will give you an insight into the trade and completed units may give you an advantage when gaining employment as an apprentice.

Central Regional TAFE offers industry standard facilities including workshops designed to provide a practical training environment. For those looking to further develop their skills our post-trade qualifications will provide you with a diverse skill set in Engineering, enabling you to progress to a more senior position within the industry.

MINING

Mining is one of Western Australia's biggest industries and offers a wide variety of career opportunities. Study pathways in mining can lead you into a career working as an operator or manager on sites such as quarries, underground or open cut metalliferous mines in a range of specialised fields.

Our Campus locations allow training in Mining to be a key area of specialisation for our TAFE. We aim to ensure our training programs are flexible to suit the needs of industry. We are one of the only training providers in Australia to deliver an Advanced Diploma of Metalliferous Mining. This qualification reflects the role of open cut or underground Metalliferous Mine Managers who perform tasks that are strategic, broad and complex. It can also lead to further industry qualifications such as a Quarry Manager Certificate and Underground Supervisor Certificate.

HEALTH BEAUTY AND FITNESS

“I decided to study at Central Regional TAFE because it was close to home and it offers many facilities. We do a lot of hands-on practical experience which I found very good in tying in with our written work. The support from lecturers is amazing.”

Jessica Douglas | Diploma of Nursing

ENROLLED NURSING

Start your career in Nursing at Central Regional TAFE by enrolling in a preparation course that can be used as an introduction for those who would like to enrol in a nursing qualification and to help meet entry requirements.

Students can expect relevant and meaningful training delivered by practicing health care professionals with unparalleled industry experience.

The Diploma will equip you with the knowledge and practical skills required to work in a hospital alongside a registered nurse. You will learn how to effectively monitor a patient’s vital signs, dress wounds, administer medications, admit and discharge patients and assist doctors in theatre and with medical procedures.

This qualification provides credit towards a Registered Nurse University qualification.

“Iluka values its relationship with Central Regional TAFE, and as such, has sought to replicate the training and assessment model on other mine sites in Western Australia and South Australia. In particular, Iluka has been impressed by a preparedness to build and customise assessments to site conditions. The overall standard of service delivered to the Iluka training department and students alike has been excellent, and the College has great proximity for site visits and meetings. The company looks forward to an ongoing relationship with Central Regional TAFE as it continues to invest in skills development and building employee capability for growth, competency and capacity.”

*Vivian Groesslinger | Training & Development Officer Narngulu
| Iluka Resource Limited*

FOR ALL YOUR TRAINING NEEDS

WORKFORCE SOLUTIONS

Central Regional TAFE's priority is to provide the best workforce training solutions to the central regions of Western Australia. We understand the importance of staff development and have seen the ongoing positive effects this can have in the workplace. We are dedicated to working closely with our industry partners and the community to find the best training solutions for local organisations and businesses.

CUSTOMISED TRAINING

We offer clients the opportunity to customise courses to meet their specific needs. A lot of our training can be conducted either on-site or on-campus and offers the flexibility of attending one of our set dates or selecting a date and time that suits you. Let us know what you, your business or organisation needs and we'll make it happen!

Contact us on 1800 672 700 or info@crtafe.wa.edu.au to discuss your workplace and customised training needs.

VERIFICATION OF COMPETENCIES

Gain formal recognition for your skills! A Verification of Competency (VOC) is a method of assessment that is used to demonstrate the worker's ability to operate equipment and/or undertake the responsibilities of these roles. Assessment is undertaken using both practical and written methods along with third party evidence from a supervisor. Once successfully completed a statement of attainment will be issued.

SHORT COURSES

Central Regional TAFE offers short courses and skills development solutions across a variety of areas including:

- Business & Administration
- Industry & Mining
- Hospitality
- Computing
- Government
- Lifestyle & Leisure
- Finance
- Management
- Safety

Our courses are delivered by industry professionals who are engaging and committed to ensuring students are job ready. Whether you are interested in accredited training, up-skilling for the next job opportunity or want to start a new hobby we have a course for you. Enquire now to receive quality training at great prices.

Please note: Fees and course dates are subject to change at the discretion of CRTAFE.
Corporate discounts available for group bookings.

+Course includes nationally accredited units.
