# Dog-related Injuries in Australia

Nearly **4,000** people  
were hospitalised due to a  
**dog-related injury**

**Over 90%**  
**of dog-related hospitalisations** were  
due to **bites**

The highest number of dog bite hospitalisations **were among children aged 0–9** (652 cases)

The **most common body parts injured** were:
