

Flowing Strong: Aboriginal & Torres Strait Islander Hypertension Summit

From Country, to community, to the clinic

You're invited to have your say on priorities for high blood pressure (hypertension) prevention and care for mob!

Join the inaugural gathering of Aboriginal and Torres Strait Islander People with lived experience, clinicians, researchers, and service providers to yarn, share knowledge and develop community-led priorities and solutions for the prevention, early detection, and effective treatment of hypertension in Aboriginal and Torres Strait Islander communities.
